SalePoint Expands Offerings to Retailers with CAM Commerce Solutions Agreement

FOR IMMEDIATE RELEASE

Sacramento, California – December 28, 2009

SalePoint today announced that it has entered into an agreement with CAM Commerce Solutions to resell CAM's Retail STAR®, i.STAR®, CAM32®, and X-Charge® solutions to retailers in North America.

"Traditionally SalePoint has offered solutions to specialty retail chains that fall into the Tier 2 and 3 market segment," said Paul Streicher, President of the company. "Many times we would see opportunities with retailers with fewer stores but did not have a solution that fit this portion of the market. The relationship with CAM Commerce Solutions allows us to leverage our 23 years of retail systems experience and expand our product offerings for smaller retailers. SalePoint has a strong history of providing retail systems to leading retailers. Now smaller retailers will be able to team with SalePoint and enjoy the skills and capabilities we bring to larger retailers."

About SalePoint

SalePoint is headquartered in San Diego, California with branch operations in Sacramento, Austin and Columbus, Ohio. SalePoint is a leading provider of high value business solutions to the retail point of sale, corporate retail, higher education, healthcare, and public sector industries. SalePoint's staff is experienced in implementing cashiering, point of sale, and corporate applications. The company provides a complete solution ranging from hardware and software to services required to define, implement and fully support the installed solutions. The company's customers include such leading names as Pacific Sunwear, Spencer Gifts, Kaiser Permanente, Cato Corporation, the University of Chicago and Puerto Rico Aqueduct and Sewer Authority.

About CAM Commerce Solutions

CAM Commerce designs, develops, markets, installs and services highly integrated retailing and payment processing solutions for small to medium size traditional and eCommerce businesses based on the company's open architecture software. These integrated solutions include credit and debit card processing, inventory management, point of sale, accounting, Internet sales, gift card and customer loyalty programs, and extensive management reporting.
