SalePoint Reports Early Success with Retail-J

FOR IMMEDIATE RELEASE.

Austin, Texas – January 13, 2008

SalePoint, Inc., a software company providing leading solutions in specialty retail, healthcare and higher education, today announced that it has enjoyed initial success with Retail-J® from Torex Retail.

SalePoint was appointed the inaugural reseller of Retail-J in the United States and began selling the software combined with SalePoint's support and services last year. Today the company stated that it has entered into agreements with two U.S. based retailers to implement the Retail-J software during the first half of 2008: a midsize (20 store) Southeast based apparel retailer and The Walking Company. The Walking Company, a wholly owned subsidiary of Big Dog Holdings, is comprised of 175 stores.

Chuck Keffer, Vice President Sales & Marketing of SalePoint, stated "We are very pleased that these retailers have selected SalePoint and Retail-J for their new point of sale solution and look forward to a successful implementation and long term relationship. The combination of SalePoint's portfolio of satisfied customers, proven experience delivering retail solutions, and the capabilities of the Retail-J software were determining factors for these customers in their new store systems decisions."

About SalePoint
